## NATIONAL INDIAN GAMING COMMISSION

### Notice of Approval of Class III Tribal Gaming Ordinances

**AGENCY:** National Indian Gaming Commission.

**ACTION:** Notice.

**SUMMARY:** The purpose of this notice is to inform the public of class III gaming ordinances approved by the Chairman of the National Indian Gaming Commission.

**FOR FURTHER INFORMATION CONTACT:** Christine Lambert at (202) 632-7003, or by facsimile at (202) 632-7066 (not toll-free numbers).

**SUPPLEMENTARY INFORMATION:** The Indian Gaming Regulator Act (IGRA) 25 U.S.C. 2701 *et seq.*, was signed into law on October 17, 1988. The IGRA established the National Indian Gaming Commission (the Commission). Section 2710 of the IGRA authorizes the Commission to approve class II and class III tribal gaming ordinances. Section 2710(d)(2)(B) of the IGRA as implemented by 25 CFR 522.8 (58 FR 5811 (January 22, 1993)), requires the Commission to publish, in the Federal Register, approved class III gaming ordinances.

The IGRA requires all tribal gaming ordinances to contain the same requirements concerning ownership of the gaming activity, use of net revenues, annual audits, health and safety, background investigations and licensing of key employees. The Commission, therefore, believes that publication of each ordinance in the Federal Register would be redundant and result in unnecessary cost to the Commission. The Commission believes that publishing a notice of approval of each class III gaming ordinance is sufficient to meet the requirements of 25 U.S.C. 2710(d)(2)(B). Also, the Commission will make copies of approved class III ordinances available to the public upon request. Requests can be made in writing to: National Indian Gaming Commission, 1850 M St., NW, Suite 250, Washington, DC 20036.

The Chairman has approved tribal gaming ordinances authorizing class III gaming for the following Indian tribes:

Absentee—Shawnee Tribe of Oklahoma  
Big Lagoon Rancheria  
Coast Indian Community of the  
Resighini Rancheria  
Coeur d'Alene Tribe  
Colorado River Indian Tribes  
Colusa Band of Wintun Indians  
Confederated Tribes of the Grande  
Ronde  
Indian Community  
Confederated Tribes of the Siletz  
Reservation  
Confederated Tribes and Bands of the  
Yakima Nation  
Coushatta Tribe of Louisiana  
Cow Creek Band of Umpqua Indians  
Devils Lake Sioux Tribe  
Eastern Band of Cherokee Indians  
Flandreau Santee Sioux Tribe  
Fort McDermitt Paiute—Shoshone  
Grand Traverse Band of Ottawa/  
Chippewa Indians  
Hannahville Indian Community  
Kootenai Tribe of Idaho  
Las Vegas Paiute Tribe  
Lummi Nation  
Mashantucket Pequot Tribe  
Miami Tribe of Oklahoma  
Modoc Tribe of Oklahoma  
Mohegan Tribe of Indians of  
Connecticut  
Oneida Tribe of Indians of Wisconsin  
Pala Band of Mission Indians  
Ponca Tribe of Nebraska  
Prairie Band Potawatomi  
Pueblo of Acoma  
Pueblo of Pojoaque  
Pueblo of San Felipe  
Pueblo of Sandia  
Pueblo of Santa Ana  
Pueblo of Tao  
Pueblo of Tesuque  
Puyallup Tribe of Indians  
San Manuel Band of Mission Indians  
Santa Rose Band of Tachi Indians  
Sault Ste. Marie Tribe of Chippewas  
Seminole Tribe  
Shoshone-Bannock Tribes  
Squaxin Island Tribe  
Sycuan Band of Mission Indians  
Three Affiliated Tribes of the Fort  
Berthold Reservation  
Tyme Maidu Tribe of the Berry Creek  
Rancheria  
Upper Sioux Community  
Wyandotte Tribe of Oklahoma  
Upper Skagit Indian Tribe  
Harold A. Monteau,  
*Chairman.*

## NUCLEAR REGULATORY COMMISSION

[Docket No. 50-440]

### Cleveland Electric Illuminating Co. et al., Perry Nuclear Power Plant, Unit No. 1; Environmental Assessment and Finding of No Significant Impact

The U.S. Nuclear Regulatory Commission (the Commission) is considering issuance of an amendment to Facility Operating License No. NPF-58, issued to the Cleveland Electric Illuminating Company, et al. (the licensee), for operation of the Perry Nuclear Power Plant, Unit No. 1 (PNPP), located in Lake County, Ohio.

Environmental Assessment

#### Identification of Proposed Action

The proposed action would revise the Technical Specifications (TS) to make them consistent with the current requirements of part 55 of Title 10 of the Code of Federal Regulations (10 CFR part 55), to delete training requirements that have been superseded by 10 CFR 50.120, and to allow an Operations Middle manager to hold a PNPP Senior Reactor Operator (SRO) license in lieu of the Operations Manager.

The proposed action is in accordance with the licensee's applications for amendment dated September 27, 1993, and December 16, 1994.

#### The Need for the Proposed Action

The proposed action, in the form of TS amendments is needed because training and qualification requirements have evolved over the past few years resulting in the obsolescence of some TS requirements. In addition, the alternative of allowing an Operations middle manager to hold a PNPP SRO license would allow the Operations Manager to return to normal duties following classroom training to continue with efforts to improve the operational performance of PNPP.

#### Environmental Impacts of the Proposed Action

The NRC staff has completed its evaluation of the proposed action and concludes that there will be no changes to the facility, to the training requirements, or to the intent of the qualification requirements as a result of the proposed license amendment.

Accordingly, the NRC staff concludes that there are no significant radiological environmental impacts associated with the proposed action.

With regard to potential nonradiological impacts, the proposed action does not affect the

nonradiological plant effluents and has no other environmental impact. Accordingly, the NRC staff concludes that there are no significant nonradiological environmental impacts associated with the proposed action.

#### *Alternatives to the Proposed Action*

As an alternative to the proposed action, the staff considered denial of the proposed action. Denial of the application would result in no changes to current environmental impacts. The environmental impacts of the proposed action and the alternative action are similar.

#### *Alternate Use of Resources*

This action does not involve the use of any resources not previously considered in the Final Environmental Statement for the Perry Nuclear Power Plant, Units 1 and 2, documented in NUREG-0884.

#### *Agencies and Persons Consulted*

In accordance with its stated policy, the staff consulted with the State of Ohio regarding the environmental impact of the proposed action. The state of Ohio official had no comments.

#### *Finding of No Significant Impact*

Based upon the environmental assessment, the Commission concludes that the proposed action will not have a significant effect on the quality of the human environment. Accordingly, the Commission has determined not to prepare an environmental impact statement for the proposed action.

For further details with respect to the proposed action, see the licensee's letters dated September 27, 1993, and December 16, 1994, which are available for public inspection at the Commission's Public Document Room, The Gelman Building, 2120 L Street, NW, Washington, DC 20555, and at the local public document room located at the Perry Public Library, 3753 Main Street, Perry, Ohio 44081.

Dated at Rockville, MD., this 28th day of February 1995.

For the Nuclear Regulatory Commission,  
Jon B. Hopkins, Sr.,  
Project Manager, Project Directorate III-3,  
Division of Reactor Project—III/IV, Office of  
Nuclear Reactor Regulation.

BILLING CODE 7590-01-M

#### **Advisory Committee on Nuclear Waste; Meeting**

The Advisory Committee on Nuclear Waste (ACNW) will hold its 72nd meeting on March 15-16, 1995, in Room

T-2B1, 11545 Rockville Pike, Rockville, Maryland. The meeting will be open to public attendance, with the exception of portions that may be closed to discuss information and release of which would constitute a clearly unwarranted invasion of personal privacy pursuant to 5 U.S.C. 552b(c)(6).

The agenda for this meeting shall be as follows: *Wednesday and Thursday, March 15 and 16, 1995—8:30 a.m. until 6 p.m.*

During this meeting the Committee plans to consider the following:

A. *DOE's Program Approach*—The Committee will hear presentations and hold discussions with representatives of the Department of Energy and the NRC staff on DOE's program approach for a site suitability determination at the Yucca Mountain site.

B. *DOE's Engineered Barrier System Program*—The Committee will hear presentations and hold discussions with representatives of the Department of Energy and the NRC staff of DOE's efforts to design an engineered-barrier system for the proposed high-level radioactive waste repository.

C. *Disposal of Baghouse Dirt*—The Committee will hear a presentation by the NRC staff on the issues associated with the management and disposal of the mixed waste which is created when scrap steel being recycled in an electric arc furnace becomes inadvertently contaminated by a cesium source. The Florida Steel Corporation will also address the Committee on this issue.

D. *Branch Technical Position on Low-Level Radioactive Waste Performance Assessment*—The Committee will review issues associated with the NRC staff's Branch Technical Position on Low-Level Radioactive Waste Performance Assessment as outlined in a recent Commission paper.

E. *Groundwater Travel Time*—The Committee will review the approach proposed by the NRC staff for compliance evaluation associated with the groundwater travel time requirement in 10 CFR part 60. Presentations will also be made by ACNW consultants regarding their views on this topic.

F. *Meet with the Director, NRC's Division of Waste Management, Nuclear Materials Safety & Safeguards*—The Director will provide information to the Committee on current waste management issues, which may include the status of site characterization work at the Yucca Mountain site, and preview staff development of a technical position on expert judgment.

G. *Radiological Criteria for Decommissioning (tentative)*—The Committee will hear presentations and hold discussions with the NRC staff on

a proposed rule on radiological criteria for decommissioning of NRC licensed facilities. A comparison will be made of this proposed rule and EPA's proposed Standards for Land Disposal of Low-Level Radioactive Waste.

H. *Preparation of ACNW Reports*—The Committee will discuss proposed reports on issues considered during this meeting and, as time permits, safety goals applicable to nuclear waste disposal and generic issues involving the direction of radioactive waste research.

I. *Committee Activities/Future Agenda*—The Committee will consider topics proposed for future consideration by the full Committee and working groups. The Committee will also discuss organizational and personnel matters related to the selection of new ACNW members and ACNW staff. A portion of this session may be closed to public attendance to discuss information the release of which would constitute a clearly unwarranted invasion of personal privacy pursuant to 5 U.S.C. 552b(c)(6).

J. *Miscellaneous*—The Committee will discuss miscellaneous matters related to the conduct of Committee activities and organizational activities and complete discussion of matters and specific issues that were not completed during previous meetings, as time and availability of information permit.

Procedures for the conduct of and participation in ACNW meetings were published in the Federal Register on October 7, 1994 (59 FR 51219). In accordance with these procedures, oral or written statements may be presented by members of the public, electronic recordings will be permitted only during those portions of the meeting that are open to the public, and questions may be asked only by members of the Committee, its consultants, and staff. Persons desiring to make oral statements should notify the ACNW Executive Director, Dr. John T. Larkins, as far in advance as practicable so that appropriate arrangements can be made to allow the necessary time during the meeting for such statements. Use of still, motion picture, and television cameras during this meeting may be limited to selected portions of the meeting as determined by the ACNW Chairman. Information regarding the time to be set aside for this purpose may be obtained by contacting the ACNW Executive Director prior to the meeting. In view of the possibility that the schedule for ACNW meetings may be adjusted by the Chairman as necessary to facilitate the conduct of the meeting, persons planning to attend should check with the ACNW Executive
